## Welcome to The Small House Difference at Otterbein Sunset Village!

**The Small House Difference means getting to know the employees caring for you while you recover and have amenities you'd expect by way of complex therapies.**

Otterbein Sunset Village features one of the largest rehab gyms in northwest Ohio and houses the only Swimex therapy pool in the area!

The Advanced Therapy equipment and highly trained Physical, Occupational, and Speech Therapists mean quick results for you, returning you to the highest level of function possible.

The Small House is better equipped to customize your healing, given the small size and intimate nature that comes along with it.
